Profile

Creative frontend developer and designer eager to continue learning and growing. Proficient in HTML, CSS, and JavaScript, currently learning React. Passionate about usability and possess a working knowledge of Adobe CC.

Experience

June 2018—November 2018

Accounts Receivable Specialist • Cloud One LLC • Vancouver, WA.

Tasked with managing overdue accounts and contacting companies to setup payments on past due balances. In addition, daily tasks included reviewing all new client contracts, setting up new accounts for payments and creating invoices.

February 2016—September 2016

Accounting Assistant and Marketing Intern • IPCed • Vancouver, WA.

Worked on a special project to reconcile all accounts within company system, where I found over 80k in billable revenue. Daily tasks also included reviewing and finalizing billing for new contracts. Assisted marketing team in event planning and convention booth preparations.

December 2014—December 2015

Customer Service • Regal Cinemas • Kelso, WA.

Worked in concession and box office as a customer service representative. Was awarded employee of the month twice and received a 100% on two secret shopper encounters.

January 2009—May 2013

Customer Service and Department Lead • Best Buy • Tualatin, OR.

Hired as Sales Rep in cameras, within two months I was moved to lead and tasked with training all new employees in department. Was awarded employee of the month 4 times and had the highest amount of geek squad protection sold in my district.
